

SAVING PETS ONE AT A TIME
~ VOLUNTEER SURVEY~

Dear Prospective Volunteer,

Welcome! **Saving Pets One at a Time (S.P.O.T.)** is an all-volunteer organization that is very dependent on the support of those who commit their time, talent and energy to our mission of caring and finding new homes for the homeless cats and dogs in our community and surrounding area.

Our volunteer process starts with this **Volunteer Survey**. Please complete this to the best of your ability and our volunteer coordinator will contact you.

Volunteer Opportunities – Please check whatever you are interested in. We are very willing to train to tasks and do not require experience for most placements. It is good to know if a potential volunteer has specific experiences, skills or interests.

All volunteer opportunities come with training and an opportunity to learn about the mission of the organization. Many of us started as novices in pet rescue and care. It's the willingness to get involved that we look for. Time commitments are up to the individual. We greatly value your offer of service.
